Venture Capital Investing Masterclass

25 – 27 July 2023
Kuala Lumpur

The course equips you with a comprehension of venture capital from the viewpoints of industrialists and investors. It also gives you an understanding of the various phases of venture capital funding, beginning from the fundraising initiation phase to the final exit strategy phase. By the end of the course, you will be thorough with all the theoretical concepts in venture capital and capable of implementing practical tools in the field for raising funding for your venture.

Overview

The course caters to both the needs of the entrepreneurs and the investors. The participants will gain practical knowledge on the entire investment funding cycle, from pitching a concept to arriving at a successful venture capital deal agreement. In contrast, the investors will get equipped with vital skills to assess a company and its valuation projections. Investors will also be able to evaluate the market value of a company, which will help them make critical business decisions.

Who should attend

All individuals who want to improve their knowledge and further develop their professional skills in the venture capital space

- Startup companies who are planning to raise capital
- Professionals who are seeking a career in venture capital
- Family offices and strategic departments of business which are planning to setup VCs fund
