

A top-down photograph of a wooden desk. A magnifying glass with a silver handle is positioned over a white document. The document has the words "Due Diligence" printed in a large, bold, black serif font. Below the title is a horizontal line. To the right of the magnifying glass, a silver and black pen lies on the desk. In the upper right corner, the spine and pages of a thick book are visible. The background is a dark wood grain.

Due Diligence Masterclass

8 - 10 September 2025

Vietnam

The course equips you with a comprehension of the various concepts and practices in due diligence. In today's world, principal decision-makers commit many blunders during the investment or acquisition of companies, assets, intangible assets, etc. Our course, thus, offers in-depth knowledge of the various steps involved in due diligence, thereby enabling the participants to handle complex situations in mergers and acquisitions, investments, and strategic tie-ups. By the end of this course, you would have acquired many critical due diligence skills and expertise required to achieve your organization's objectives.

Overview

The course will explain the fundamental concepts of due diligence and how due diligence objectives are accomplished in complicated scenarios. The course is designed to ensure that complex concepts are delivered to participants in a simple way, thereby supporting them in remembering and applying them in their current jobs and essential business decisions. By being a part of this course, you will learn a cohesive due diligence methodology suitable for any investment or deal. You will also know how a due diligence process can be helpful and how you can avoid the disaster.

Who should attend

Anyone who wants to enhance their expertise in due diligence or want to build a career should attend this course, which includes:

- Investment or strategy professionals
- Finance managers, business analysts, equity analysts, bankers, portfolio managers;
- Functional/ department heads and decision-making professionals;
- Financial professionals, such as CPAs and CFAs;
- Business owners, entrepreneurs, investors, and consultants;
- Corporate financiers, corporate planners, in-house lawyers, and company secretaries;
- Any other professionals who want to upgrade their skills in due diligence.

Methodology

Non-theoretical methodology includes live teaching, interactive discussions, case studies, and assignments to understand the concepts and their applicability. We request you to have your laptop with Microsoft Excel installed. As a policy, we limit the class size to 10 participants to provide attention to each participant and ensure their objective is achieved.

Trainer

This course will be conducted by an experienced training consultant with over 20 years of industry experience with some of the world's leading financial institutions, specializing in corporate finance, investment banking, and private equity.
