Private Equity Masterclass

1 - 3 December 2026
Penang

The objective of this program is to provide knowledge, and detailed understanding of equity investments followed in the private equity industry. This course will help participants to improve their knowledge and develop their professional skills required in the private equity industry or dealing with private equity professionals.

Overview

The Course curriculum includes total investment, due diligence, monitoring, and negotiation processes from the owners' as well as investors' perspectives.

Upon completion of this course, participants will have a clear understanding of the critical processes, challenges and issues faced in the industry as well as be able to differentiate between various transaction structures, their implications and provide an explanation on how to analyze and negotiate term sheets.

A case study discussion included in this program detailing the complete process of private equity investments which will provide participants with more significant and valuable knowledge that will be useful in their business and profession.

Who should attend

All individuals who want to improve their knowledge and further develop their professional skills in the private equity space

- Professionals who are seeking a career in private equity
- CEOs, head of business units, departments and decision-making personnel - who want to deal or currently dealing with private equity firms
- Middle to senior managers from any industry
- Analysts/ investment bankers/ finance professionals with CPA, CFA, MBA, etc
- Candidates who want to set up private equity business

Methodology

Non-theoretical methodology which includes live teaching, interactive discussions, case studies, and assignments to understand the concepts and their applicability.

We request you to have your laptop with Microsoft Excel installed. Once you register, we will send you the training information with the links to log in for the training.

As a policy, we limit the class size to 10 participants so that we can provide attention to each participant and ensure their objective is achieved.
